# **Accessibility Plan 2021-2024**

**George Washington Primary School**  
Well Bank Road  
Washington  
NE37 1NL

**Policy written by Mrs D. Scott**

**Date: November 2021**  
**Review Date: November 2024**

## **Purpose of Plan**

The purpose of this plan is to show how *George Washington Primary School* intends, over time, to increase the accessibility of our school for pupils, staff, parents, carers and visitors.

## **Legal Background**

The plan complies with paragraph 3 of schedule 10 of the Equality Act 2010. The Special Educational Needs and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. Since September 2002, the Trust Board has had 3 key duties towards disabled pupils, under Part 4 of the DDA:

- not to treat disabled pupils less favourably for a reason related to their disability;
- to make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage;
- to plan to increase access to education for disabled pupils

The Equality Act (2010) re-states this duty on the Trust Board, merging previous legislation into a single Act of Parliament. Since 2003 it has been mandatory for all schools to produce an Accessibility Plan; this is that plan.

### **1 Vision Statement**

Under the Equality Act 2010 schools should have an Accessibility Plan. The effect of the law is the same as in the past, meaning that "schools cannot unlawfully discriminate against children because of sex, race, disability, religion, belief or sexual orientation". According to the Equality Act 2010 a person has a disability if:

You're disabled under the Equality Act 2010 if you have a physical or mental impairment that has a 'substantial' and 'long-term' negative effect on your ability to do normal daily activities.

- 'substantial' is more than minor or trivial, e.g. it takes much longer than it usually would to complete a daily task like getting dressed
- 'long-term' means 12 months or more

The Accessibility Plan is listed as a statutory document of the Department for Education's guidance on statutory policies for schools. The Plan must be reviewed every three years and approved by the Trust Board. The review process can be delegated to a committee of the Trust Board an individual or the Head of School. At George Washington Primary School, the Plan will be monitored by the Deputy Headteacher and evaluated by the relevant Governors. The current Plan will be appended to this document.

At George Washington Primary School, we are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We believe that children should feel happy, safe and valued so that they gain a respectful, caring attitude towards each other and the environment both locally and globally.

- 1.1 The George Washington Primary School Accessibility Plan has been developed and drawn up based upon current legislation and information gathered from relevant stakeholders. Other outside agencies and specialists have also been consulted. The document will be used to advise other school planning documents and policies and will be reported upon annually in respect of progress and outcomes. The intention is to provide a projected plan for a three-year period ahead of the next review date.
- 1.2 The Accessibility Plan is structured to complement and support the school's Equality Objectives. We understand that the Local Authority will monitor the school's activity under the Equality Act 2010 (and in particular Schedule 10 regarding Accessibility) and will advise upon the compliance with that duty.
- 1.3 George Washington Primary School is committed to providing an environment that enables full curriculum access that values and includes all children, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to take positive action in the spirit of the Equality Act 210 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

1.4 The *George Washington Primary School Accessibility Plan* shows how access is to be improved for disabled children, staff and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable. The *Accessibility Plan* contains relevant and timely actions to: -

1.4.1 Increase access to the curriculum for children with a disability, expanding the curriculum as necessary to ensure that children with a disability are as, equally, prepared for life as are the able-bodied children; (if a school fails to do this, they are in breach of their duties under the Equality Act 2010). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits - it also covers the provision of specialist or auxiliary aids and equipment, which may assist these children in accessing the curriculum within a reasonable timeframe.

1.4.2 Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary - this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe.

1.4.3 Improve the delivery of written information to children, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

1.5 The *George Washington Primary School Accessibility Plan* relates to the key aspects of physical environment, curriculum and written information.

1.6 Whole school training will recognise the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

1.7 This *Accessibility Plan* should be read in conjunction with the following school policies, strategies and documents:

- *Asset Management Plan*
- *Behaviour Management Policy*

- Business contingency plan
- Inclusion Policy, Equality Action plan and Single Equality Scheme
- Health and Safety Policy
- School Improvement Plan
- Special Educational Needs and Disability Policy

1.8 The Accessibility Plan for physical accessibility relates to the Access Audit of the School. It may not be feasible to undertake all of the works during the life of this accessibility plan and therefore some items will roll forward into subsequent plans. An accessibility audit will be completed prior to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the ongoing period.

1.9 Equality Impact Assessments will be undertaken as and when school policies are reviewed. The terms of reference for all governors' committees will include the need to consider Equality and Diversity issues as required by the Equality Act 2010.

1.10 The Accessibility Plan will be published on the school website.

1.11 The Accessibility Plan will be monitored through the Trust Finance, Estates and Audit Committee.

1.12 The school will work in partnership with Oak Learning Trust and the Local Authority in development and implementing this Accessibility Plan.

1.13 The Accessibility Plan may be monitored by Ofsted during inspection processes in relation to Schedule 10 of the Equality Act 2010.

## **2 Aims and Objectives**

This plan sets out the aims of the Trust Board of the school to increase access to education for disabled pupils in three areas required by the planning duties in the Equality Act 2010:

- to increase the extent to which disabled pupils can participate in the school curriculum
- to improve the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services
- to improve the delivery to disabled pupils of information, which is provided in writing for pupils who are not disabled

Our objectives are detailed in the Action Plan below.

### **3 Access Audit**

- George Washington Primary School is a modern building (2002) which is easily accessible. Our onsite car parking for staff and visitors includes two dedicated disabled parking bays. Most entrances to the school are either flat or ramped and all have wide doors fitted. The main entrance is accessible to anyone in a wheelchair or with walking difficulties. The main entrance features a secure lobby being fully accessible to wheelchair users who enter from the front of the school. There are disabled toilets available in both key stage 1 and key stage 2 sections of the building. These are fitted with a handrail and a pull emergency cord. The school has internal emergency signage and escape routes are clearly marked. The swimming pool has disabled access changing room specifically for pool use. There is a removable hoist for disabled access into the swimming pool.

### **4 Management, Co-ordination and Implementation**

We will consult with experts when new situations regarding children with disabilities are experienced. The Governors and Senior Leadership Team will work closely with the Local Authority in these circumstances.

#### **2021-2024 Accessibility Action Plan**
